A STATEMENT OF OBJECTIVE Terms of Acceptance

When a person seeks chiropractic care and we accept a person for such care, it is essential for both to be working towards the same objective.

Chiropractic has only one goal: to correct vertebral subluxations to improve the integrity of the nervous system so the innate intelligence of the body can better express itself. It is important that you understand the objective and the method that will be used to attain it. This will prevent any confusion or disappointment.

Adjustment:

A chiropractic adjustment is the specific application of forces to facilitate the body's correction of vertebral subluxation. Our method of correction is by specific adjustment to the spine.

Health:

A state of optimal physical, emotional, mental and social well being. NOT merely the absence of disease or infirmity.

Vertebral Subluxation:

A misalignment or a change in tension or position of one or more of the 24 vertebra in the spinal column which causes alteration of nerve function and interference to the transmission of mental impulses, resulting in a lessening of the body's innate ability to express its maximum health potential.

We do NOT offer to diagnose or treat any disease or condition other than vertebral subluxation. However, if during the course of a chiropractic spinal examination, we encounter non-chiropractic or unusual findings, we will advise you. If you desire advice, diagnosis or treatment for those findings, we will recommend that you seek the services of a medical doctor or health care provider who specializes in that area.

Regardless of what the disease is called, we do not offer to treat it. Nor do we offer advice regarding treatment prescribed by others. OUR ONLY PRACTICE OBJECTIVE is to eliminate a major interference to the expression of the body's innate wisdom. Our only method is specific adjusting to correct vertebral subluxations.

I, _____, have read and fully understand the above statements. All questions regarding the doctor's objectives pertaining to my care in this office have been answered to my complete satisfaction. I therefore accept chiropractic care on this basis.
